

The Lavaca County Emergency Management Office will do a test call of the CodeRed Emergency Notification System on October 30, 2018 at 3:00 PM. If you have signed up for the notification system, your caller ID will display one of the following phone numbers: (866) 419-5000, (855) 969-4636 or (800) 566-9780. If you have a cell phone, it would be good to save these numbers as “CodeRed” to easily identify it as a notification from the Emergency Management Office.

The CodeRed system provides Lavaca County Officials the ability to quickly deliver messages to targeted areas or the entire county. If you are not sure that you are included in the database, simply go to the Lavaca County website at www.co.lavaca.tx.us and follow the CodeRed link to the enrollment page. It is recommended that all businesses register, as well as all individuals who have unlisted phone numbers, who have changed their phone number or address within the past year, and those who use a cellular phone or VoIP phone as their primary number. Those without internet access may call Dana Johnson at the County Judge’s Office at (361) 798-2301 and supply contact information over the phone.
